

13th August 2025

PRESS RELEASE

Surprise Inspections conducted by CBSE across 05 States and 01 UT in 10 schools on 13th August 2025

The CBSE has conducted a series of surprise inspections in 10 schools across Assam, Delhi, Karnataka, Madhya Pradesh, Maharashtra and Odisha. There were 10 teams, consisting of an officer of the Board and a Principal of school affiliated with the Board, deployed for conducting the inspections. All of the inspections were executed in a synchronised manner at the same time in a short window to ensure that the surprise element remains intact so as to get accurate information about working and operations of the schools, which were inspected on their respective dates of inspection.

The primary objective of the surprise inspections was to probe, scout out and ascertain that whether the schools were functioning in compliance with the Board's norms as per the Bye-Laws of the Board and are not enrolling non-attending students while maintaining the academic and physical infrastructure in the school.

Further, necessary action shall be taken after considering the reports of the Inspection Committee. CBSE is committed to upholding educational standards and will persist in enforcing stringent measures against any violations of its regulations.

List of the schools inspected is enclosed herewith:
