IMPORTANT

Subject: Streamlining the process of corrections in the demographic details-reg.

Madam/Sir,

It is extremely important that after examinations of Class X/XII conducted by the Board, the Mark Sheet-cum-Passing Certificate be issued under the correct demographic details of the students. To ensure that demographic details are correctly submitted by the schools, the CBSE takes the following measures:-

- Schools are advised to ensure that demographic details of the students are correctly recorded in school records i.e. admission form, scholar register and admission withdrawal register.
- The transfer certificate shall be issued with correct demographic details of the students.
- The Registration be done in Class IX with correct demographic details. Correctness of the demographic details is verified and certified by parents and schools.
- After Registration, a correction window is again provided to ensure that in case of any mistake, the same may be rectified by correcting uploaded data.
- Schools are directed to download the registration card of the students and provided the same to them for verification of their demographic details.
- In class X, the registration data of Class IX is shown to the schools for submission of LOC. Once again, prior to submission of LOC schools are directed to verify the data and get the confirmation from parents.
- After LOC also, a correction window is made available so that if any data is not correct, the same may be corrected.
- Prior to examination, admit cards are issued to the students wherein an undertaking is obtained from the students, parents and Principal of the school that demographic details mentioned in the admit card are correct.
- After taking so much of efforts, schools are again used to sent requests to the CBSE to make the correction in the demographic data prior to the declaration of result.
- Once the result is declared passing documents are again provided to the students wherein an undertaking is obtained for the confirmation of the demographic details of the students from the Student/Parent/Principal.

Above process is repeated in Class XI & XII. Meaning thereby CBSE is providing 20 opportunities to the Schools/Parents to provide correct demographic details of the students. Despite making so many efforts, soon result is declared, CBSE is getting a large number of requests for correction in demographic details of the students. While sending requests for correction, the following has also been observed by the CBSE:-

- Schools are sending incomplete requests to the CBSE for making correction in demographic details

Contd....2/-

2. Supporting records from all previous schools where student has studied earlier are not provided with the requests.
3. Documents which are not visible are sent with the requests.
4. There are many cuttings on the documents
5. Once CBSE is making requests to supply the documents, no reply is sent by the schools and many more.

This makes delay in the processing of the requests.

Keeping above in view, the following directions are issued to the schools for strict compliance please:-

1. Ensure that in all school records, demographic details of the students are 100% correct.
2. Instructions issued by the CBSE during registration and submission of LOC are strictly adhered to.
3. Must obtain confirmation from the parents about correctness of demographic details.
4. Once, sending request to the CBSE for correction, all certified records from all previous schools as depicted in the enclosed table is sent to the CBSE.

To ensure that requests sent to CBSE are processed in the minimum possible time, schools are directed to provide complete certified records. In case, incomplete requests are received, the same will be summarily be rejected by the CBSE.

In addition to above, the following has also been experienced:-

1. Students are sending requests directly to the CBSE.
2. Students are sending requests through legal notices.
3. Students are approaching to the Hon'ble Courts.

It would be appreciated if the students are guided to process their requests through school instead to taking above said routes which delays decision on their requests because of non-availability of the desired school records.

This is for strict compliance please by all the schools.
